

Industrial Downdraft Table

Operating Manual

Models:

E-5075 (33 in. x 65 in.)

E-5076 (33 in. x 73 in.)

Model: E-5075

Keep workplace area free of contaminants while sanding and finishing wood or non-combustible materials.

Keep machine running when not in use to help clean the shop environment.

SAFETY LEGEND

⚠ WARNING

Read and understand tool manual before work starts to reduce risk of injury to operator, visitors, and tool.

⚠ WARNING

Practice safety requirements. Work alert, have proper attire, and do not operate tools under the influence of alcohol or drugs.

⚠ WARNING

Eye protection must be worn at all times, eye protection to conform to ANSI Z87.1.

⚠ WARNING

Ear protection to be worn when exposure to sound, exceeds the limits of applicable Federal, State or local statutes, ordinances and/or regulations.

⚠ WARNING

Respiratory protection to be used when exposed to contaminants that exceed the applicable threshold limit values required by law.

⚠ WARNING

Electric shock hazard. Avoid bodily contact with grounded objects, bodies of water. Do not damage cord set.

IMPORTANT SAFETY INSTRUCTIONS

When operating this equipment, basic precautions should always be strictly followed including the instructions listed below:

DOWNDRAFT TABLE SAFETY INSTRUCTIONS

1. Always use a grounded power supply. There is an increased risk of electric shock with an ungrounded power supply.
2. Don't expose to rain or wet conditions. There is an increased risk of electric shock if the switch, cord or motor are wet.
3. Do not abuse the power cord. Never use the cord to move the table. Never use the cord to pull the plug from an outlet. A damaged cord increases the risk of electric shock.
4. Use caution when opening or closing the top. Switch power off and unplug cord before opening top. Remove all work pieces and

tools before opening top to avoid injury. Keep fingers and hands clear when closing the top to avoid injury.

5. Never use to exhaust chemical vapors
6. Vibration may occur if unit is unlevel.
7. Unplug power cord when accessing blower compartment area.
8. Power switch must be off when servicing filter.
9. Do not use this table to sand or grind materials that may create sparks.
10. Do not use for explosive metallic dust (Aluminum, Magnesium, etc.)

SET-UP/OPERATING/MAINTENANCE INSTRUCTIONS

DOWNDRAFT TABLE SET UP INSTRUCTIONS

1. Make sure power cord is unplugged from power supply.
2. Install two rigid casters and two swivel casters into position as shown on complete assembly diagram (pg. 2).
3. Position table in work area and lock swivel casters to stabilize the table.
4. Install provided filters and pre-filter.
5. Make sure top is closed and power switch is off before plugging cord into grounded power supply.

DOWNDRAFT TABLE OPERATING AND MAINTENANCE INSTRUCTIONS

1. Switch power on to begin dust collection.
2. Do not block more than 50% of inlet holes during use.
3. Do not obstruct outlet.
4. Switch power off and unplug cord before opening top.
5. Clean pre-filter and pleated filters daily.
6. Clean top surface only with brush or dry cloth as necessary.
7. Do not use alcohol on top surface.
8. Replace filters every 30-60 days as necessary.
9. Vacuum filter support rails regularly to assure proper seating.
