

Professional Fixed Tip Snap Ring Pliers

PERFORMANCE

The GearWrench® fixed tip snap ring pliers cover applications ranging from 0.31" to 3.94" diameter.

STRENGTH

Fixed tips meet ASME requirements for tip load testing.

ACCESS

Tapered jaw design with either straight or 90 degree bent tips for optimized access.

The new GearWrench® Fixed Tip Snap Ring Pliers are designed for everyday professional use. The fixed tips provide greater durability and excellent snap ring retention, while the forged design is both durable and offers the benefit of fully formed comfortable handles.

Access

- Tapered Jaw Design allows increased reach and access
- Straight Jaws for deeper access and hard to reach snap rings

Strength

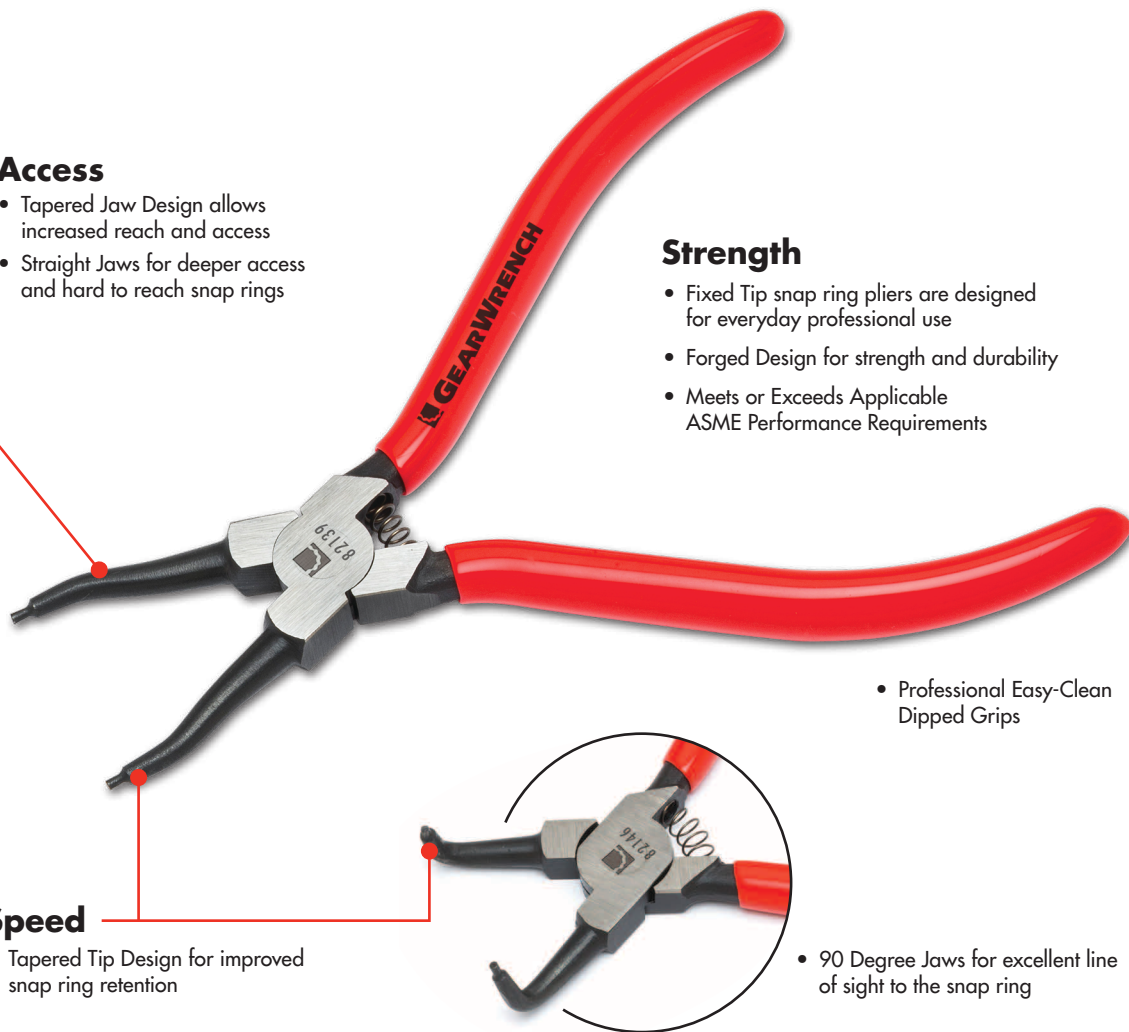

- Fixed Tip snap ring pliers are designed for everyday professional use
- Forged Design for strength and durability
- Meets or Exceeds Applicable ASME Performance Requirements

- Professional Easy-Clean Dipped Grips

Speed

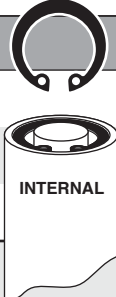

- Tapered Tip Design for improved snap ring retention

- 90 Degree Jaws for excellent line of sight to the snap ring
