FEATURES

- Thin kerf for up to 35% more cuts per charge vs. leading reciprocating saw blades.
- Short blade length for cutting in tight locations.
- Bi-metal construction for increased tooth durability and long blade life.
- Cuts duct and metal thinner than 1/8".

Designed to maximize the cutting performance of the new M12 HACKZALL™ Reciprocating Saw, these blades feature a thin kerf design that reduces the amount of drag and resistance while cutting, resulting in more cuts per battery charge. Specialized blades are available for a variety of HVAC, electrical, plumbing and maintenance/repair applications. Includes 5 blades.
