

M18™ FUEL™ SWITCH PACK™ Sectional Drum System 1/2" Kit

M18 FUEL™ SWITCH PACK™ Sectional Drum System is the first drain cleaning solution that combines the benefits of sectional and drum machines, creating the single most versatile and mobile machine on the market. Tackling the most frequent challenge of any drain cleaning application, getting the machine onto the job, the SWITCH PACK™ System utilizes a modular design with backpack straps for the easiest transport to any roof, drain, crawl space, or clean out. The tool-free drum connection allows users to quickly interchange between cable sizes, or add a second drum to reach 100' down the line. All SWITCH PACK™ drums are fully enclosed providing the best protection against mess. The POWERSTATE™ Brushless Motor delivers more clearing power than corded competitors for tough jobs through 4" drain lines. REDLINK PLUS™ intelligence improves control with an integrated drum brake, slowing the machine up to 5X faster than competitor drums. The REDLITHIUM™ battery pack powers through multiple jobs on a single charge, delivering cordless mobility, safety, and power supply to the drain cleaning industry.

INCLUDES:

- [\(2\) SWITCH PACK™ Drum w/ Anchor Cable \(47-53-2775\)](#)
- [\(2\) 1/2" x 50' Inner Core Coupling Cable w/ RUST GUARD™ Plating \(48-53-2774\)](#)
- [\(1\) 5PC Medium Cable Head Attachment Kit w/ RUST GUARD™ Plating \(48-53-2790\)](#)
- [\(2\) M18™ REDLITHIUM™ XC5.0 Extended Capacity Battery Pack \(48-11-1850\)](#)
- [\(1\) M18™ & M12™ Multi-Voltage Charger \(48-59-1812\)](#)

FEATURES:

- POWERSTATE™ Brushless Motor delivers maximum power 100' down the line
- REDLINK PLUS™ Intelligence ensures maximum performance under load and improves control throughout the entire process
- REDLITHIUM™ Batteries power through multiple jobs on a single charge, the first to bring cordless mobility, safety, and power supply to the drain cleaning industry
- M18™ FUEL™ SWITCH PACK™ Drums: Interchange and connect various cable drums up to 100'
- Built-In Backpack Straps: Easiest Transport
- Integrated Drum Brake: Electronically slows drum up to 5 times faster than competitor drum machines
- Electronic Foot Pedal With Non-Slip Grip: Maximum Durability
- Fully Enclosed Drum: Best Protection and Mess Containment
