

Utility Pouch

Milwaukee Tool's Utility Pouch is specifically designed to provide storage solutions for the essential tools needed throughout the work day. The product features 1680D ballistic material construction, which provides 5x longer life and riveted seams resulting in a 4x stronger pouch. The Milwaukee Utility Pouch also features a quick attach belt loop that is designed to allow the pouch to quickly be attached or removed from a work belt. Lastly, the pouch has a tape strap designed for convenient access to electrical or pipe thread tape.
