

Overhead Cutter & Crimper Utility Bag

Carry or store your most frequently used tools with the Milwaukee® Overhead Utility Bag. Designed for long-lasting durability. This Milwaukee contractor bag is water-resistant to keep your tools dry and safe from water exposure, making it well-suited for outdoor jobsites. It offers two carrying options including a shoulder strap and two handle straps for convenience and versatility. The Milwaukee Overhead Utility Bag has ample space for the tools and accessories you use most. It measures 9 inches in height, 11 in width and 17 inches in length. The durable dual zipper design ensures that tools stay put. This red and black Milwaukee contractor bag is a handy way to have easy access to your most frequently used tools and accessories while on the job site or at home. Designed for storing and transporting Milwaukee FORCELOGIC™ 12 ton crimpers and cutters. Replacement bag for Milwaukee 2777-22, 2778-22 and 2779-22.
