

Belt Clip for M12 Cordless Drills and Impacts

The M12 belt clip is an accessory for users with drilling and fastening M12 tools. Easily attach the belt clip to any M12 impact, drill or impact wrench for portability throughout the jobsite. The rounded edges keep it from tearing the material on your tool belt or pants.

INCLUDES:

(1) Belt Clip

FEATURES:

- Easy attachment to tool
- All metal material to be as durable as the tool
- No sharp edges for less wear and tear on tool belts or clothing
- For use with all M12 drills, impacts and impact wrenches
- Screw included for easy assembly
- Metal belt clip
- Best in class
