

2-1/16" x 1" HSS Annular Cutter

Milwaukee High Speed Steel Annular Cutters offer a thin-wall construction with an Advanced Tooth Geometry that Cuts and Cleans while drilling, leading to Faster Holes and Longer Life. The cutters displace less material for the same size hole as the competition, giving you fast, burr-free holes in anything from sheet metal to thick plate steel. All Milwaukee High Speed Steel Annular Cutters have a 3/4 in. Weldon Shank for use with most small magnetic drill presses and large magnetic drill presses with the correct arbor.

INCLUDES:

(1) 2-1/16" x 1" HSS Annular Cutter (49-59-2006)

FEATURES:

- **Faster Holes:** Thin-Wall Construction removes less material
- **Longer Life:** Advanced Tooth Geometry engages 50 percent of teeth into cutting, and 50 percent into cleaning, extending life of the cutter
- **Versatile Design:** 3/4 in. Weldon Shank
- **Advanced Tooth Geometry** cuts and cleans the material while drilling
- **Thin-Wall Design** efficiently removes material for increased hole speed

PRODUCT SPECIFICATIONS:

Coating	Black Oxide
Shank	3/4" Weldon
Cutting Depth	1"

Diameter	2-1/16"
Material	Steel Plate
