

Application examples

Portable belts

- Portable use for working large flat or near flat surfaces.
- For grinding, deburring, finishing and polishing.
- Removing rust and corrosion, surface conditioning.
- Belt designed for use on metals, wood, plastic, fibreglass and composites.

Recommendation for use

Recommendations for use of these belts under various operating conditions, as well as belt/grinder compatibility information, are given in the table "Recommendations for use of abrasive belts" (page 38).

For general-purpose grinding, from coarse to fine in diverse applications.

Abrasive: Aluminum oxide A

PFERD specification number
BA-A

Portable belts
Aluminum oxide A
